

Thank you to everyone for showing such wonderful support of Marvin Elementary through donations and volunteering! We want to make sure everyone maximizes their contributions by requesting employer matches where applicable. Below is a sample list of employers that have a matching program of some sort in place. Many match dollar-for-dollar contributions to an educational section 501(c)(3) tax-exempt organization, which Marvin PTO is (EIN: [45-2823908](https://www.irs.gov/efile/other-identifiers/ein)). The matching process usually needs to be started by the **employee**, so please take a few minutes to look into your employer program and submit a matching request, as it can meaningfully increase the funds raised for the school! If you need a receipt from the PTO for your contribution, please reach out to the PTO Treasurer at MESPTOtreasurer5@gmail.com for any help.

Recently, several companies have also begun to contribute money to organizations where employees spend time volunteering, so please explore that option! Some employers require that a volunteer opportunity first be set up by the PTO online, which you can then record your time for, and the employer sends a dollar amount based on the hours of service. If this applies to your employer, please reach out to the PTO Treasurer at MESPTOtreasurer5@gmail.com and we can set up a project for you to record your hours. This applies to companies such as Kohls, Wells Fargo, and Bank of America, among others, who have already begun to send contributions to Marvin PTO for hours served by employees, so please look into it! Thank you!
