A chronic illness has long term effects with sometimes no cure, and life adjustments, risk factors, medical care, and therapy may be challenging.

Whether you are a person with a chronic illness, or providing support for a chronically-ill loved one, this forum will address these issues and offer ways to best manage your changing life.

Forum Features:

- Networking Reception
- Resource Tables
- Panelist Q&A

Baptist Health South Florida

Reception sponsored by Baptist Health South Florida

The event is free and open to the public.
